ABOUT ME:

Front-End focused Web Developer in the up and coming IT field in San Antonio- going through the Full-Stack program at Codeup; aiming to improve my knowledge in Front End Languages, as well as Data-Analytics in todays IT industry. Coding and Web Development was the first career I felt impassioned about- allowing me to learn and build upon my skills with each new challenge.

PROJECTS:

CAPSTONE PROJECT:

QuestHub was the idea that was executed upon for my capstone project, a growing application that aims to bring people and events together in the communities around them.

WORK EXPERIENCE:

CONCESSIONS SUPERVISOR,

TEXAS TECH LOCKER ROOM,

SEPTEMBER 2014 - JULY 2015

TEAM LEADER,

FREEBIRDS,

OCTOBER 2012 - DECEMBER 2013

KEY TECHNICAL SKILLS:

HTML, JAVASCRIPT, JQUERY, CSS, BOOTSTRAP FRAMEWORK, PHP, LARAVEL FRAMEWORK, MYSQL, GITHUB,

EDUCATION

TEXAS TECH,

Completed core curriculum, as well as additional course work in Biology and Accounting.

CODEUP,

Attended Codeup's Full-Stack Program, to take a deep dive into web development and the careers there-in, introducing me to everything from basic web development with HTML, JavaScript, and CSS, to more advanced backend logic using PHP and the Laravel Framework.
